

# Photography

- **Teacher:** Ms Scott
- **Exam board:** OCR
- **Course work or exam?** 60% coursework project, 40% Exam coursework Project.
- **Additional charges?** Yes, to cover equipment use.
  
- **What will I learn about?** Students will learn how to experiment with cameras, Black & White film, studio lighting and digital editing. Students will experience how to construct and develop a Photography project from initial research to producing a final piece.
  
- **Great for:** GCSE Photography is great for creative students who enjoy playing with imagery and love taking photographs! You will take photographs in a variety of settings, including open-air locations. This includes seeking out suitable settings/locations for photographs outside the school in your spare time.

**Student view:** *"I am enjoying Photography. It allows you to be creative. The best part is experimenting in the studio and trying out editing in Photoshop"*
